

The Queen's Platinum Jubilee Project - Year 6

Her Majesty The Queen has become the first British Monarch to mark 70 years of her reign.

We would like you to join us in creating a whole school display celebrating the Queen's Platinum Jubilee.

Year 6 your project is focusing on the comparison between The Queen's life in 1950 (to 1960) and 2020 to now. Remember to showcase any events of The Queen's personal or public life (or both!)

Think about: What did The Queen do during this time?

Your project can be a fact sheet/file, a poster, a collage, a quiz, a model, a PowerPoint presentation or research on a Word document.

Be as creative as you like!

Homelearning due: Monday 6th June 2022

Good luck!
