

Special Project

Year 6

During the summer term, the year 6 children will be learning about **Light.**

During the half term holidays, we want you to complete some research on light at home and showcase what you have learnt. You can create a booklet, leaflet, poster, model, display, PowerPoint or video.

Next half term, you will need to bring in your completed project, which will be displayed in school. **The best projects will be featured on the school website!**

Remember to present your project in a way that will be eye-catching and attractive

**Your special project is due on
Monday 12th June 2023.**

We look forward to receiving your exciting projects!
