

Special Project

Year 1 Summer 1

Next Term's Science topic will be about plants. We would like the children to carry out research on different types of plants and how they grow. You may even want to visit the Tree Museum at Langley Park which has free entry.

Next term, you will need to bring in your completed project, which will be displayed in the school. The best projects might even be featured on the school website!

Your Task: Research different types of plants and how they grow. This can be done on a fact sheet or poster.

**Your special project
is due on -
Friday 19th April
2024**

Thank you for your continued support
