

# Special Project

## Year 6

After half term, Year 6 will be starting a new Geography topic: **The Mediterranean.**

During the holidays, we want you to find out about this topic at home and complete the task below to showcase what you have learnt. You can show what you have learnt by creating a booklet, poster, model, display, PowerPoint or video.

After half term, you will need to bring in your completed project, which will be displayed in the school. **The best projects will be added to the Curriculum showcase at the end of the year!**

### Your Task:

Research and produce a project that you can present to your class based on **The Mediterranean**. You need to think about the following areas:

**The coastline - What plants, animals and people live there?**

**The Mediterranean river – What makes the River special? What processes does a river go through? What countries does the river travel through?**

**Your special project is due: Monday 22<sup>nd</sup> April 2024**

**And remember, if you bring a project in, you earn 5 Dojos!**
