

Special Project

Year 5

After half term, we will be continuing our Geography topic:
Exploring Antarctica.

We want you to find out about this topic at home and complete the task below, to showcase what you have learnt. This can be done by creating a booklet, poster, model, display, Power Point or video.

You will need to bring in your completed project by **Friday 28th February 2025**, which will be displayed in the school.

The best projects will be featured on the school website!

Some topic ideas are:

- **What life is like in the Antarctic**
- **Animals that live there**
- **Landscapes**
- **Weather**
- **Climate change**
- **How it was discovered**

Remember, the project needs to be eye-catching and attractive!
